THE JOURNEY OF EXCELLIS IT

A Decade & More

2019

- The company started their journey with an employee strength of 12 people.
- Working on 5 major projects.

2020

- Despite being hit by the COVID-19 pandemic situation, the journey of Excellis IT did not stop.
- With an expanding team, the company took over more projects to maintain growth and revenue.

2021

- While in the recovery phase of the Pandemic, Excellis IT withstood a major boom in its journey.
- Working with the most advanced and industry-best technologies, we have provided end-to-end IT and marketing solutions.

2022

- By this phase, Excellis IT developed a scaling team with over 100 innovators and creators.
- The company has served over 500 clients in more than 12 industries.

Present

- With a vision of becoming the leading IT services provider, Excellis IT has worked with businesses from more than 15 countries.
- With a 92% client satisfaction rate, we continue the journey of converting our dream of achieving the apex of IT services into reality.

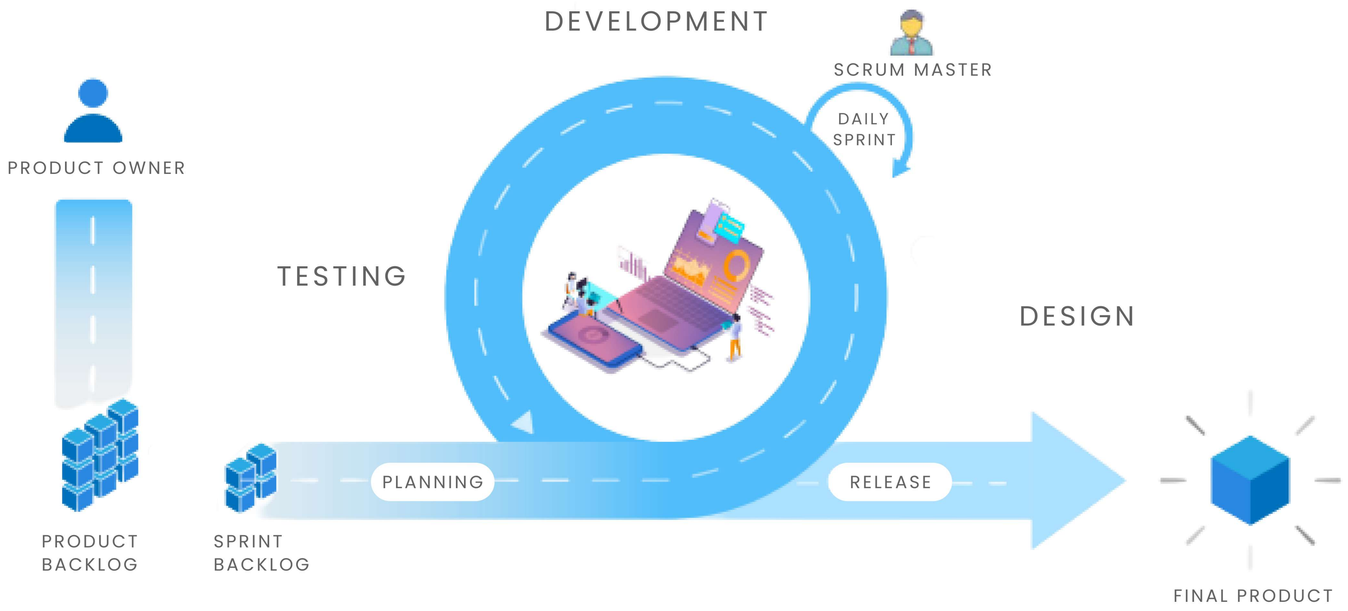
- Ionic design
- Angular Design

DEVELOPMENT APPROACH

AGILE METHOD

Based on the client requirement & type of the project we prefer to go with the appropriate project execution methodologies & approach. It helps for development of high-quality IT products that meets or exceeds customer expectations, reaches completion within times & cost estimates.

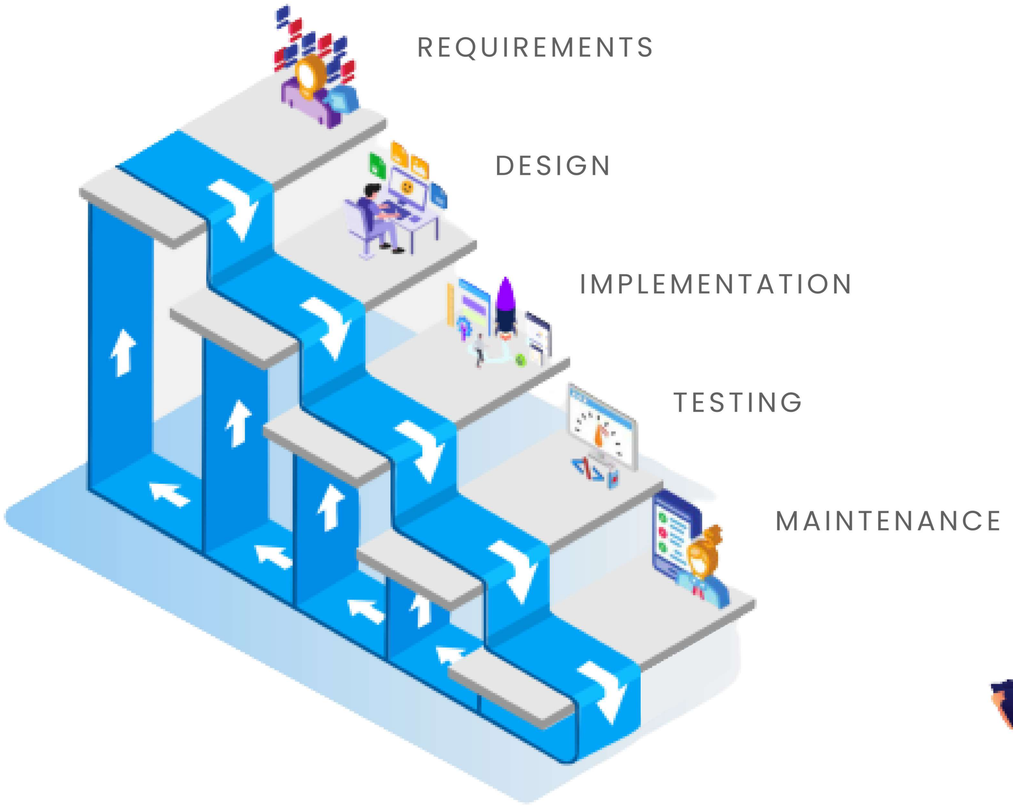


When to use

- Few Initial Product & Regulatory Requirements
- Lenient Processes in Place
- High Product Owner Involvement
- Innovative product development from scratch
- Short, Flexible Timeline
- Budget with Wiggle Room

WATERFALL METHOD

The Waterfall methodology is the traditional and the most common methodology used for project management. It follows a sequential, linear process which is why it is often described as a “linear-sequential life cycle model”.



When to use

- Many Initial Product Requirements & Strict Regulatory Requirements
- Strict Processes in Place
- Low Product Owner Involvement
- Enhancement to an Existing Product
- Fixed & Firm Timeline
- Fixed, Inflexible Budget

WHY CHOOSE EXCELLIS ?
